*What is a High Resolution Digital Images?

A digital image or “digital negative” is the actual electronic file that lives on your computer. Your digital images come with **full personal printing and reproduction rights**. That means you can get your own prints and holiday cards made at any size, share them, post them, and duplicate them. *They’re yours forever!*

Photo Ordering Info

- All ordering is done from my website: kimjphoto.com, the school/PTO doesn’t take your photo order.
- No minimum order!
- Digital images can be downloaded to your computer directly after ordering.
- Free ground shipping with orders over \$100.
- All prints are professionally processed to the highest standards with a UV coating and semi-gloss lustre finish. Prints are delivered directly to your home in 5-7 business days.
- PLEASE NOTE: All discounts and packages are taken at checkout, so you won’t see discounted price immediately while ordering, but the cart total will reflect the discount.

All products come with a 100% money-back guarantee.

Please don’t hesitate to contact me with any questions or concerns regarding your photos or your order.
